Hi Naomi,

Thank you for your concession and honesty. I accept your apology.

I do however, still have an unanswered question and very serious concern. Has my signature been used on or applied to any document or purpose of any kind beyond the four corners of the Resident Declaration Form. The answer to this is still unclear to me.

I can agree to conclude our business once this question has been properly answered.

Regards,  
Jason [REDACTED]

Hi Jason,

As a follow up, when you sign a resident declaration, you are not part of any social compact. You were given incorrect information and I apologize. This should conclude our business from this day forward.

Kind Regards,
